Subject: Changes to Burnt Willow Project

Joel, I am responding on behalf of Lake County Resources Initiative to the Forest Service proposal to remove white fir greater than 21 inches in the Burnt Willow Project. The fact that you are going to leave any white fir that has old growth characteristics and this will only be done where it benefits larger ponderosa pine follows the guidelines in the Long-range Strategy for the Lakeview Federal Stewardship Unit. For these reasons Lake County Resources Initiative supports this site-specific Forest Plan Amendment.

Sincerely,

[James K. Walls](#)
